## CANADA REFUSES WHEAT RECIPROCITY

### Two Countries will Hold to Tarriff Law and Collect Duties

The Canadian parliament has turned  
down the proposition to admit wheat  
from the United States free of duty  
and under the new tariff law, enacted  
last year by congress, no Canadian  
wheat will be admitted into the United  
States free of duty. The tariff law  
provides that only countries which  
give the same privileges to us can send  
products here free of duty. By the re-  
fusal of Canada to admit our wheat  
this country will enforce what is term-  
ed the "retaliatory" clause in the act  
and hence there will be no Canada  
free wheat this year. As it is claimed  
that free wheat would hurt the farm-  
ers of this country, the action of Cana-  
da will be hailed with satisfaction by  
them.

## County Normal Notes

Mildred Eckinger visited the normal  
last Thursday afternoon.

The class finished their course in  
psychology on Monday morning.

The normal class planted their garden  
last Friday.

The normal class accepted the invita-  
tion of Capt. Weaver to go out in the  
City of Boyne and plant fish. The class  
reported a good time.

Bertie Howe and Edna Srigley were  
absent last Friday on account of illness.

The normal class attended the debate  
given by the eighth grade in the high  
school room. The question for debate  
was "Resolved that the clause exempting  
U. S. ships from paying tolls in the  
Panama canal should be repealed." The  
debate was handled well by both sides.  
The judges decided in favor of the  
negative.

## "FAGGED-OUT" WOMEN

### Will Find Help in This Letter.

Overworked, run down, "fagged out"  
women who feel as though they could  
hardly drag about, should profit by  
Mrs. Brill's experience.

She says: "I was in a very weak,  
run-down condition. Life was not  
worth living. I could not sleep, was  
very nervous, stomach bad, and was  
not able to work."

"I consulted with one of two phys-  
icians, without benefit. I read of  
Vinol helping some one in a similar  
condition so I began to take it, and it  
simply did wonders for me. I gained  
in weight and I am now in better  
health and stronger than ever. I can  
not find words enough to praise  
Vinol."—Mrs. W. H. Brill, Racine, Wis.

Thousands of women and men who  
were formerly weak and sickly owe  
their present rugged health to the  
wonderful strength-creating effects of  
Vinol. We guarantee Vinol to build  
you up and make you strong. If it  
does not we give back your money.

P. S.—For rough, scaly skin, try  
our Sazo Salve. We guarantee it.

Love will push a man into matrimony  
but it takes a lawyer to pull him out.

In addition to the love of money there  
are the queer ways we have of getting  
rid of it.

A man never knows what he can do  
until he tries—then he may be sorry he  
found out.

## ARBOR AND BIRD DAY

### Schools Are to Observe May Eighth in a Practical Way.

Superintendent Fred L. Keeler has  
compiled a bulletin to assist teachers in  
the observance of Arbor and Bird Day.  
The plan this year is to combine a pro-  
gram of school exercises with work—  
cleaning up the school grounds, plant-  
ing trees and shrubs, beautifying roads  
and home grounds, putting up bird  
houses, etc. Valuable information con-  
cerning suitable trees and shrubs, di-  
rections for planting, the value and  
habits of birds, etc., is given to assist  
the teachers in carrying on the work.  
Citizens of the various communities are  
urged to co-operate with the schools.

## Why It Suits Particular People

Foley's Honey and Tar Compound is  
prompt and effective for coughs, colds  
croup hoarseness, bronchial coughs  
and throat troubles. Thomas Vernon,  
Hancock, Mich., writes: "Foley's  
Honey and Tar quickly relieves tickling  
throat and stops the cough with no bad  
after effect." It contains no opiates  
and is pure. That's why it suits par-  
ticular people.—Hites Drug Store.

It's no trouble to find a woman who  
can keep a secret—going.

It doesn't pay to worry—unless you  
are drawing a salary for it.

The busy bee is all right in his way—  
but one should keep out of his way.

Occasionally a man is lucky that he  
gets just what he wants without even  
wanting it.

Give one woman two minutes to size  
another woman up and she can devote  
two hours to describing what the other  
had on.

Marriage is always a failure when the  
woman in the case is unable to dis-  
tinguish between her husband's peace  
of mind and a piece of her own.

## EAT PIE AND HAVE NO FEAR

Eminent Medical Authority Has Come  
Forward to Defend the Great  
American Edible.

Again pie-eating defended—this  
time in the New York Medical Jour-  
nal.

"In its proper place," says the Med-  
ical Journal, "pie is not only a palat-  
able but a nutritious staple, an ex-  
cellent vehicle of carbohydrates and  
fruit. It is not essentially indigesti-  
ble, and demands only proper masti-  
cation and insalivation to insure lack  
of discomfort."

In other words, if we chew pie as  
persistently as we chew the rag about  
the indigestibility of pie we shall find  
it as sweetly digestible as it is blandly  
delectable.

"Pie crust," this authority goes on  
to say, "is only flour and lard, the  
latter being replaced usually by chick-  
en fat by those who object to any  
form of pork. Delicacy of manipu-  
lation is required in the making of  
the crust, and such delicacy depends  
paradoxically upon great digital  
strength, for only the strong have a  
genuine lightness of touch."

Thus is expressed the armor-plate  
crusts so often the product of the soft  
but weak "manipulation" of slender,  
pretty and youthful brides, as com-  
pared with the flaky, sea-foamy kind  
turned loose by stiffer and stiffer-  
fingered mothers. But wait a moment;  
we can eat and even live in comfort  
upon our sweet girl graduates' pies  
after all, for the paper continues:  
"A soggy paste, however, made by  
frail fingers, is only aesthetically ob-  
jectionable, for resolute chewing will  
deprive it of its terrors."

Now, however, comes the curse of  
the pie matter. We customarily "fin-  
ish off" with pie and cheese after  
we have had a hearty dinner and  
enough; but if we eat lightly and then  
have pie, or make pie and cheese an-  
swer for a whole meal, there is not  
the slightest ill effect from it.

## Things Everlasting.

This lesson I learn from the past;  
that grace and goodness, the fair, the  
noble, and the true, will never cease  
out of the world till God from whom  
they emanate ceases out of it; that  
the sacred duty and noble office of the  
poet is to reveal and justify them to  
men; that as long as the soul endures,  
endures also the theme of new and un-  
exampled song; that while there is  
grace in grace, love in love, and beauty  
in beauty, God will still send poets to  
find them, and bear witness of them,  
and to hang their ideal portraits in  
the gallery of memory. God with us  
is forever the mystical name of the  
hour that is passing. The lives of the  
great poets teach us that they were  
the men of their generation who felt  
most deeply the meaning of the pres-  
ent.—James Russell Lowell.

## Children's Diseases Very Prevalent

Whooping cough is about every-  
where. Measles and scarlet fever al-  
most as bad. Use Foley's Honey and  
Tar Compound for inflamed throats  
and coughing. Mrs. I. C. Hostler,  
Grand Island, Nebr., says: "My three  
children had severe attacks of whoop-  
ing cough, and a very few doses of  
Foley's Honey and Tar gave great re-  
lief."—Hites Drug Store.
